

**Jaime**

**King Princess**

Jaime

You've been patiently waiting to hate me  
And you and your friends sit and laugh, ha-ha  
You're just a fly in my glass, uh-huh  
Oh, and Jaime  
The clothes that you gave me don't fit me  
But you squeeze me until I could crack, uh-huh  
And I took it all on the back, uh-huh

You've turned my soul into your home

Jaime

I've been secretly wishing you'd date me  
Despite all the times you were wack, uh-uh  
If you told me I'm cool, I'd collapse, uh-huh

You've turned my soul into a home

Jaime

Can't you leave me alone, Jaime?  
Can't you leave me alone?
