

# PAIN

King Princess

These girls just come and lemme down  
I guess that's how I'll do it now  
Pain!

She don't think I got the time  
Now I'm wondering if she's mine  
Pain!

I'd just hate for somebody to need me  
I need you now  
Can't you just love me or leave me?  
I figured out  
Like to be trapped in the feeling  
I feel it now  
Pain!

'Cause I can't help  
Turning my love into pain  
And I can't help  
Turning my love into pain

You and I just get along  
I wonder how I'll fuck it up  
Pain!

I know that I'm difficult  
I hope it makes my wallet full  
Pain!

I'd just hate for somebody to need me  
I need you now  
Can't you just love me or leave me  
I figured out  
Like to be trapped in the feeling  
I've always found  
Pain!

'Cause I can't help  
Turning my love into pain  
And I can't help  
Turning my love into pain

Ah  
So I'll just wait till the day you leave me  
Ah  
So I'll just wait till the day you leave me  
Ah  
So I'll just wait till the day you leave me  
Pain!

'Cause I can't help  
Turning my love into pain  
And I can't help  
Turning my love into pain

Pain!
