

# You Destroyed My Heart

King Princess

I just saw my tricks  
I know I gave you super stern  
From the barricade  
That you move your hips  
But you should probably learn your place  
'Cause this isn't it, baby

Destroyed my heart  
Now I want somebody good  
'Cause you lost the part  
Now I want somebody good

I could get you back  
And we could probably reconnect  
But I'm a better fag and you're a manager  
And it's cute you want to be my friend  
It would never work, baby

You destroyed my heart  
Now I want somebody good  
'Cause you lost the part  
Now I want somebody, want somebody good

But you suck  
What you cost?  
And it seems so sad like it's all my fault  
But it's not  
'Cause you're gone  
It's the best I've had  
But I'm moving on  
Like a pro (She seems so nice)  
It's my job  
You can break my trust  
I just build my funds  
And it's time  
Give me up  
And you seem so sad  
But it's not my fault

'Cause you  
You broke my heart  
Now I want somebody good  
'Cause you lost the part  
Now I want somebody good

You destroyed my heart  
Now I want somebody good (She seems so nice)  
'Cause you lost the part  
Now I want somebody good (She seems so nice)

Destroyed my heart  
Now I want somebody good (She seems so nice)  
'Cause you lost the part  
Now I want somebody good (She seems so nice)
