

I'll Never Get Tired Of You

King's X

Simple words I have in mind
Nothing more between the lines
I have heard that love is blind
If it's true then I will find

I'll never get tired of you
Oh no, Oh yeah
Never, never
Oh, never, never
I'll never get tired of you

From my heart I want to say
But the words get in the way
Millions of ways to say the same
Even though the feelings change

I'll never get tired of you
Oh no, Oh yeah
Never, never
Oh, never, never
I'll never get tired of you

I'll never get tired of you
Oh no, Oh yeah
Never, never
Oh, never, never
I'll never get tired of you

I'll never get tired of you
Oh no, Oh yeah
Never, never
Oh, never, never
I'll never get tired of you

I'll never get tired of you
Oh no, Oh yeah
Never, never
Oh, never, never
I'll never get tired of you

I'll never get tired of you
Oooooh nooooo
Never
Never, never

I'll never get
Never, ever get
Never, never
Never, never, never, never, never
I looooooove you
