

Rocket Ship

King's X

I'm not supposed to like
What you do to me
So why do I like it
There's too many
Angry people out there
Time is rushing
But rushing won't stop it

Would you like to spend the night
In my new rocket ship
Would you like to spend the night
In my new rocket ship

They challenge me to come on
Down to the ground and
Let the spirit move me
Society sanctioned brain washing
Tries to wrap its arms around me

Would you like to spend the night
In my new rocket ship
Would you like to spend the night
In my new rocket ship
And make a mess somewhere
Make a mess somewhere

Would you like to spend the night
In my new rocket ship
Would you like to spend the night
In my new rocket ship
Would you like to spend the night
In my new rocket ship
Would you like to spend the night
In my new rocket ship

Yeah, yeah, yeah, yeah, yeah
