

The Other Side

King's X

Summertime, we're alive,
I will try, when it's time,
I will see you
I will see you
On the other side.

How it goes, now I know,
Can't you say, it isn't so
I will see you,
I will see you,
On the other side.

That's all right, though I'd die
It's the truth, I love you
I will see you
I will see you
On the other side.

I will see you
