

Wonder

King's X

This is war
This is peace
Quiet roars
Of silent screams

It makes me think
It makes me deal
With the situation
How do I feel?

There's a wall between us
A partition of sorts
and it makes me wonder
There's a sign ahead
Says it's gonna be okay
And it makes me wonder

Should I go to the front?
Or should I go to the back?
Should I just pray?
Or should I attack?

This is church
This is state
Rock 'n' roll
Amazing grace

It makes me think
It makes me deal
With the situation
How do I feel?
