

Devil's Got A Picture

Kingcrow

Memorizing glimpses
Of everything that stands
Hanging from the ceiling
Of my very own hell
Feeding on my fiction
A soldier in the rain
The only rule is go ahead
Devil's got a picture
He doesn't want to share

Learn to rise
Perceive the larger plan
And for the price you pay I call it fair
Don't think you're foolin' someone else

I'm in the line of fire, a lost and blindfolded man
Like I'm falling behind in someone else's plan

On this crazy ride
I'm sick and tired
Another meaningless game

Learn to rise
Perceive the larger plan
And for the price you pay I call it fair
The only rule is go ahead
