Falling World

Kingcrow

Here I'm waiting on the edge of night
Where walking shadows sorround the light
While the world is falling down

Here I'm standing in my darkest dream
In the temple of immortal kings
Icy walls of glass are crashing slow

Is this vision only in my head?
Or is the world going to the end?

Falling World - Goes Down
Falling World - Into The Edge Of Time
Falling World - Goes Down
Falling World - Into The Edge Of Time

When I sleep the vision came in my head
Human sacrifice - black wings of death
Fly high on a dying earth

The seed of decadence is growing fast
Its fruits are deadly - its trees are dead
While the sky is falling down
