

## Save Me

Kingcrow

By the window-pane I see  
All those figures strangers to me  
By the glass inside my eyes  
I can show all happenings gone by

Here the silence has been bribed  
Who was troubling now is confined  
In a cell a second time  
They can shut up me not my mind

Save me tonight  
Can't you feel remorse inside?  
So I scream save me tonight  
Before to madness I drive  
Before I go...
