Go - there's a new model
I can almost forget who I am offline
Go - what a great bargain
It's exciting to live many different lives

I can't slow down
I can't slow down

Don't mind, pass by
That voice inside
Don't mind, pass by
Don't waste your time
Don't mind, inside

I can't slow down
I can't slow down

I can't slow down
I can't slow down
