Borrowed Time

Kingdom Come

Another day - will always come Go ahead - take it on Losing faith - it ain't the same Like giving up - and putting blame

Don't rely - on anyone You wanna strike - get it done It's all about - reducing pain No risk my friend - you'll never gain

We're all - live on hope That's why - don't let go Will it pay - who would know Borrowed time - the way it goes
