## **Skip The Cover And Feel**

## **Kingdom Come**

Spreading word again
They told me to
Give 'm some' to write

Like explaining a book
It says it all
Take a closer look

Skip the cover and feel My own way to scream Cannot translate a dream

Not my native tongue I'm chasing words Cannot slow my mind

Not the words that count It's how it feels Only triggered by sound

Skip the cover and feel My own way to scream Cannot translate a dream
