

Blood Thirst

Kingmaker

Page after page, keep reading from this book I made
In my own blood
I keep bleeding but I'm still not saved.
I've created something bigger than you, bigger than me
Bigger than the air we breathe.
I've condemned us all to death so enjoy this breath,
Cause your so was given up to me
With this pen I seal our destiny,
This will be the last you hear from me.
Now that truth has been crushed,
It's time to simply believe.
I need you now help me destroy these demons
I've never known anything more worth leaving
It's christmas in hell and all the damned are screaming
Heal us now help us destroy these demons.
I found my god, and he is not of this earth.
He's inside of me,
And there is nothing I can do to try and change that.
So damn you all to hell.
Page by page in this book I made.
I keep on bleeding but I'm still not saved.
Now that I know this is the end of me
All can see that I've betrayed you in the first degree
Souls have forsaken me
No sight of a single sign of life in this sunken world
The sight of a psychic mind.
I'm drawing a blank and I can't even think
And now the binding betrayal is rearing its repulsive head.
Blood thirst takes my weathered soul
Blood thirst, take me away.
