Wave

Kingmaker

Wave
Don't you hear the mermaids speak?
Can't you see that all the fish here are all
Doing Ecstasy?
Wave
I see the waste you spread around
How's the sand, the sand how it glows...See it glow?
In underwater town you can find out about your wave
Wave
Jacques Cousteau's heart you can but swim about it

When at last the water fills my lungs
Can everybody drown me and stop singing
Up about love
Wave
In underwater town you can find out about your wave
Beneath the waves it's never Summertime
Wintertime
Springtime
Wavetime
Anytime...Wavetime
