## Kings Kaleidoscope

I'm trying to stay safe  
In a digital escape  
In an isolated world keep it tame  
Cold and calculated truths  
A reality I choose  
In a regulated world feel no pain

Shadow in a matrix, searching for a light  
Captive of the jungle, hiding in the night

Break me free to live enchanted  
Enchanted  
Beyond control  
Control

I'm connected in a daze  
Roam unconscious disengaged  
In a simulated world I sustain  
Swimming senseless through a void  
Ease my appetite with noise  
In a stimulated world go insane

Shadow in a matrix, searching for a light  
Captive of the jungle, hiding in the night

Break me free to live enchanted  
Enchanted  
Beyond control

Hide me  
Hide me  
Hide me in your mystery  
Hide me  
Hide me  
Hide me in your mystery

Break me free to live enchanted  
Enchanted  
Beyond control

Beyond control  
Beyond... control  
Control, control, beyond...  
Beyond  
This wilderness is wild  
I'm living as a child, enchanted  
Enchanted, beyond, beyond  
Beyond control  
Beyond, beyond, beyond control  
Enchanted, enchanted  
Enchanted...  
Enchanted, enchanted  
Enchanted, enchanted...
