

## The Coma

Kings Kaleidoscope

This is my moment  
This is my fortunate fall  
I'm not believing  
I got my back on the wall  
Out of the coma  
I need to fight through the fog  
This is my moment  
This is my fortunate fall  
This is my moment  
This is my fortunate fall  
I'm not believing  
I got my back on the wall  
Out of the coma  
I need to fight through the fog  
This is my moment  
This is my fortunate fall
