

Going Nowhere

Kings of Leon

Sweet ocean liner, come and anchor down
Sea of forgiveness, see what I have found
It's long and lanky, awkward at times
I'm going nowhere if you get the time

And it's a long hard road 'til I can get to you
And I'll be holding on, hoping the sun comes shining through

I'm going nowhere if you get the time
I'm going nowhere, you're on my mind

I took to driving, see what I would find
A place in history, a little peace of mind
I know what you're thinking, I know just what you mean
I'll never be whole again until I get clean

And it's a long hard road 'til I can get to you
And I'll be holding on hoping the sun comes shining through

I'm going nowhere if you get the time
I'm going nowhere, you're on my mind
I'm going nowhere. Won't you stop by?
I'm going nowhere if you get the time

I'm going nowhere if you get the time
I'm going nowhere, you're on my mind
I'm going nowhere. Won't you stop by?
I'm going nowhere if you get the time
