

## Last Mile Home

Kings of Leon

Take it back I never meant it  
Never thought that it would come to pass  
Baby know it's not forgotten  
Baby know that this is gonna last

By and large I had it coming  
I recall the tremble in your eye  
I just want to make you better  
I just want to make it right

Dreaming on the last mile home  
Dreaming on the last mile home  
Things are always better  
When we're all together  
I'm dreaming on the last mile home

Tell me that the bar is drinking  
And the lights are swinging in the smoke  
I'm a fool for conversation  
And I've got nowhere to go

Dreaming on the last mile home  
Dreaming on the last mile home  
Things are always better  
When we're all together  
I'm dreaming on the last mile home

Dreaming on the last mile home  
Dreaming on the last mile home  
Things are always better  
When we're all together  
I'm dreaming on the last mile home

Maybe I'm the one that's broken  
Maybe I'm the breaker of the heart  
It's been so long since we have spoken  
It's been long and baby it's been hard

Dreaming on Dreaming on  
Dreaming on Dreaming on
