

# Nowhere To Run

Kings of Leon

I state my case  
And hope for grace  
Take my place  
There's a war outside  
We should all get high  
And give a kiss goodbye  
There's just nowhere to run

On a 747 in a blood-moon sky  
I heard a baby in the rear of the plane start to cry  
I saw panic on the faces of people that fly  
I'm just waiting for a beverage to accompany my pie  
And when the fish grow wings  
And the moon can sing  
Oh baby, I'll come clean

There's just nowhere to run  
Look at me, I'll go down a mystery  
Are we still having fun?  
Oh, when I leave you'll come chasing after me

On display only, I said look don't touch  
But I peaked too early and I didn't miss much  
Somebody somewhere is doing their best  
And we all don't know what to make of this mess  
It's a video game  
And it's all the same  
And it hurts your brain

Just nowhere to run  
Favor me, I'll go down a mystery  
Are we still having fun?  
Oh yes, we'll see if you're ride or die for me

I don't know where my mind is taking me  
I only know my fear of falling  
All of the roads that closed are opening  
I only like to drive the backstreets

Just nowhere to run  
Wait and see, I'll go down a mystery  
Are we still having fun?  
Oh, when I leave you'll come chasing after me

Just nowhere to run  
Oh, we've been played, I got pride inside of me  
Are we still having fun?  
Oh, when I'm free you can ride or die for me
