

Rainbow Ball

Kings of Leon

Got my old friend back
He was gone quite a while
I won't stand for that
Good times
Were had
By all

At the rainbow ball
We took every ride
Never paid no mind
We held
Our breath
We crossed that line

Get some, tough love
Sweetheart, it's just bad luck
Playback, rewind
I take my time

On the 4th we ran
With our heads weighed down
Big men were all around
Our bet
Had died
Outside

Only good vibrations at the rainbow ball
Sweet vibration
Only good vibrations

Get some
Tough love
Sweetheart, it's just bad luck
Single cab
Times up
I did it all
For the love
Heartburn
Love tap
Grass stain, on your chinstrap
Dead stiff
Upper lip
Honeybee on the night shift

There's only good vibrations at the rainbow ball
Sweet vibration
There's only good vibrations at the rainbow ball
Only good vibrations

Get some
Tough love
Sweetheart, it's just bad luck
Single cab
Night shift
Dead stiff
Upper lip
Nerd alert

Buzzkill
Honeybee
Gotta oil spill
Heartburn
Love tap
Grass stain on your chinstrap
