

# Work On Me

Kings of Leon

Rise and shine  
Get on your way  
By the look in your eyes there's nothing to say  
I got it all  
In my hands  
And I know that you know just where I stand  
Where I stand

One more thing  
Before you go  
Pick it up and then I'll hit it on down the road  
I got no time  
For playing games  
I mean that I'm out and it's always the same  
It's always the same

Ooo, I strut like a cock  
And Jack don't rock  
It's all coming back to me  
Oh what a shame  
If this is all the same  
I'll get on my coat and leave  
No way you're gonna work  
No way you're gonna work  
No way you're gonna work on me  
I say that before  
I open the door  
Why is that so hard to believe?

Pick that guitar  
Up in the air  
Cut it loose and then let down that hair  
I know that you  
Were born to shine  
You got a shine before you're blown away  
You're blown away

Ooo, I strut like a cock  
And Jack don't rock  
It's all coming back to me  
Oh what a shame  
If this is all the same  
I'll get on my coat and leave  
No way you're gonna work  
No way you're gonna work  
No way you're gonna work on me  
I say that before  
I open the door  
Why is that so hard to believe?

Get on your way  
Get on your way  
Get on your way  
Get on your way

I strut like a cock  
And Jack don't rock

Get on your way  
Oh what a shame  
If this is all the same  
Get on your way  
No way you're gonna work  
No way you're gonna work  
Get on your way  
I told you before  
I open the door  
Get on your way

Get on your way
