Alone

King's X

No one should be made to feel alone!

No one should be made to feel rejected
(And to feel the pain)
No one should be made to feel unwanted
(And to feel the hate)

Sticks and stones breaking bones
Names and words they hurt you
Effecting everything

(No one should be made to feel alone)
Nobody, nobody should
(No one should be made to feel alone)
Alone, alone

No one should be made to feel their heart break
(And to feel unloved)
No one should be made to feel they're ugly
(And to feel ashamed)

Sticks and stones breaking bones
Names and words they hurt you
Effecting everything

(No one should be made to feel alone)
Nobody, nobody should
(No one should be made to feel alone)
Should be made to feel alone
(No one should be made to feel alone)
Nobody, nobody, nobody
(No one should be made to feel alone)
Should be made to feel alone
(Alone, alone, alone, alone)

(No one should be made to feel alone)
Nobody, nobody
(No one should be made to feel alone)
Nobody should be made to feel alone
(No one should be made to feel alone)
No, no, no, oh, nobody, nobody no
(No one should be made to feel alone)
Nobody, nobody
