

Freedom

King's X

Freedom to have two mothers and all be men
Freedom to terminate Jay Phebus if he don't fit in
Freedom to kiss my brother right on the lips
Freedom to make my own concoction and take a sip
What a trip, blame it all on God

Freedom...
Freedom...
Freedom...
Freedom...

Freedom to pay for a killer to have TV
Freedom to get elected and set my own salary
Freedom to go out and join the KKK
Freedom to get in trouble for everything that I say
What a day, blame it all on God

Freedom...
Freedom...
Freedom...
Freedom...

Freedom to scam everybody and make a buck
Freedom to keep your credit card number and press my luck
Freedom cut down the forest, make new disease
Freedom and throw everything we got into the seas
And would you please blame it all on God, we can blame it on God

Freedom...
Freedom...
Freedom...
Freedom...
