

Get Away

King's X

Hey God, I watched the news tonight
Why are your people so fucking mean?
Hey God, that kid was locked up for 3 years
Why do the innocent suffer?

Where do you go to get away?
Away

Hey God, they say you're perfect and in control
And I am falling apart
Hey God, the god of so many names
But who can I blame?
What the hell are you thinking?

Where do you go to get away?
Away
Where do you go to get away?
Away

We're standing here counting our fears
(Abraham)
Live in a desert there's nothing there
(Abraham)

Where do you go to get away?
Away
Where do you go to get away?
Away
