

# Move Me

King's X

Keeper of mysteries  
River of tears  
After it's over  
And after the years are passing  
Never asking

What about miracles  
Faith in the space  
It keeps me guessing  
With nothing to hate  
I am lonely  
And unholy

Everything matters  
(God can you hear me)  
A prayer when you're scared  
Boarded up windows  
(God can you see me cry...die)  
And broken down chairs before morning  
Heard it storming

Handbook of rituals... hands in the air  
(God can you hear me)  
More than a give up... big as a care  
(God can you see me cry...die)  
If you're daring  
And you're sharing

Move me  
(God, can you hear me cry)  
Move me  
(God, can you see me die)  
Move me  
(God can you move me)  
Move  
(Move me and move me again)

Out of the planet and into the silence  
Over the mountains in search of a crisis to find me  
If it should be  
Once I was told there's a race to be won  
Pointed the finger straight into the sun to be blinded and I minded

Wish I could whisper how much I need you  
(God can you hear me)  
After tomorrow I might forget to  
(God can you see me cry...die)  
If it's only from a story  
Keeper of mysteries  
(God can you hear me)  
River of tears  
After it's over  
(God can you see me cry...die)  
And after the years are passing  
Never asking

Move me

(God, can you hear me cry)  
Move me  
(God, can you see me die)  
Move me  
(God can you move me)  
Move  
(Move me and move me again)

Move me  
(God, can you hear me cry)  
Move me  
(God, can you see me die)  
Move me  
(God can you move me)  
Move  
(Move me and move me again)
