

## Save Us

King's X

Save us from war pigs, atomic bomb  
Mass destruction, fallen one  
From deception, from the lies  
Mind pollution, from mankind

Na-na na-na, hey-hey hey-hey

Save us from history repeating itself  
From religion, from this hell  
From the powers that oppress  
North and south, east and west

Na-na na-na, hey-hey hey-hey

Need a little loving, open arms  
And forgiving, free from harm

Na-na na-na, hey-hey hey-hey...
