King's X

Swipe up, unlock  
Censored, you're in control

Cyber spell  
Deep the well  
Mine, yours, alone

New life, kill the world  
Truth is loud, can't be heard  
(New life kill the world, truth now can't be heard)  
Spin is fact  
Yeah

One thought, in your head  
Is everything to someone else  
Consumed by it, a place embracing it

(Swipe up, unlock)

Destroy, left and right  
Blur, black the sky  
Information tailor made for me  
Lighting up as far as I can see  
Yeah

Swipe up, unlock  
Censored, you have control
