

Don't Go Changing

Kip Moore

These days keep changing like the weather
Everybody light as a feather
I don't see no signs of things getting better
So girl just keep wearing leather

Don't go changin' on me baby
Cause this world is turning (goin') crazy
I'll stay your boy, you stay my lady
Don't go changing on me baby

Man on the TV selling something
Says a new waves a coming
Well, don't need his new way of nothing
Long as I can count on your loving

Don't go changin' on me baby
Cause this world is turning (goin') crazy
I'll stay your boy, you stay my lady
Don't go changing on me baby

Time draws lines and brings progression
Makes our eyes start second guessing
You see a flaw, I see a blessing
In all your perfect imperfections
In all your perfect imperfections

So don't go changin' on me baby
Cause this world is turning (goin') crazy
I'll stay your boy, you stay my lady
Don't go changing on me baby

Don't go changin' on me baby
Cause this world is turning (goin') crazy
I'll stay your boy, you stay my lady
Don't go changing on me baby
