

# Drive Me Crazy

Kip Moore

She was pretty, 'bout 17  
When She moved in down my street  
Still don't know what she saw in me

I guess she like the way I made her laugh  
She wanted more than what friends have  
She kissed me once and we never looked back

First time was down by the river  
Our Sweat made both us shiver  
Don't stop, darling they're just raindrops  
The moonlight was all around  
Our breath, the only sound  
Baby, darling she said take me  
And Drive me crazy

In the woods in my Grandpa's barn  
In The Backseat of my car  
She said, it doesn't matter where we are

She made me thirst for a woman's love  
I kept drinking, couldn't get enough  
Yeah, there was magic in her velvet touch

First time was down by the river  
Our Sweat made both us shiver  
Don't stop, darling they're just raindrops  
The moonlight was all around  
Our breath, the only sound  
Baby, darling she said take me  
And Drive me crazy

The leaves changed and the sky turned grey  
Her Daddy's job took her away  
I can still see the tears rolling down her face  
Oh, Yeah

First time was down by the river  
Our Sweat made both us shiver  
Don't stop, darling they're just raindrops  
The moonlight was all around  
Our breath, the only sound  
Baby, darling she said take me  
And Drive me crazy

Baby, drive me crazy
