Kinda Bar

Kip Moore

If it's tucked way back
Off a no name road
If it's the kind of spot
Where the outcast go

If there's a parking lot
Full of jacked up highs
If the uptowns think
It's just a neon dive

That's the kinda bar that I wanna drink beer in
Kinda jukebox that I wanna drop quarters in
Kinda girls that I wanna be seen with
The kinda bar that I wanna drink beer in

If there's a local legend
That likes to hustle pool
This ol' boys been known
To have a good game too

If there's an ol' barkeep
That never smiles
Well, buddy, that's the kinda place
I wanna hang awhile

That's the kinda bar that I wanna drink beer in
Kinda jukebox that I wanna drop quarters in
Kinda girls that I wanna be seen with
The kinda bar that I wanna drink beer in

Yeah, that's the kinda bar that I wanna shoot shots in
Thick cloud of smoke that I wanna stomp boots in
The kinda rough necks I wanna sing along with
The kinda bar that I wanna drink beer in

Well, if the cover band knows a couple Haggard tunes
Little rock and roll and a whole lotta blues

That's the kinda bar that I wanna drink beer in
Kinda jukebox that I wanna drop quarters in
Kinda girls that I wanna be seen with
The kinda bar that I wanna drink beer in

Yeah, that's the kinda bar that I wanna shoot shots in
Thick cloud of smoke that I wanna stomp boots in
The kinda rough necks I wanna sing along with
The kinda bar that I wanna drink beer in

Yeah, that's the kind of bar I wanna drink beer in
