Midnight Slow Dance

Kip Moore

I've been watchin' you for hours,
You've been lookin' my way too,
Maybe I'll just get your number,
What I'd really like to do.

Wanna feel what's in your heart, pressed against your lips,
Set this room on fire with a long wet kiss,
Wanna take you in my arms, wrap you in romance,
Wanna midnight slow dance.

I won't lead you round in circles,
Darlin' all I needs your hand,
If you want to feel some passion,
Oh then baby I'm your man.

Wanna feel what's in your heart, pressed against your lips,
Set this room on fire with a long wet kiss,
Wanna take you in my arms, wrap you in romance,
Wanna midnight slow dance.

I wanna settle in real tight, up against your hips,
Set this room on fire with a long wet

Wanna feel what's in your heart, pressed against your lips,
Set this room on fire with a long wet kiss,
Wanna take you in my arms, wrap you in romance,
Wanna midnight slow dance.
