

What We Are

Kip Winger

Close your eyes turn off your mind
Tell me where you are right now
Don't suck it up and hold your thoughts
Like oxygen that's slowly running out

What we are is what we talk about
Might sound strange to you
What we choose is what it's all about
Celebrate the chance to change

Take a break from eating cake
And call me when you get a clue
Purified as fortified as white bread
What you gonna do

What we are is what we talk about
Might sound strange to you
What we choose is what it's all about
Celebrate the chance to change
Celebrate the chance to change

Floating like a shadow in a photograph
It steels your face
It's time to say goodbye
To the hand-me downs and lies

What we are is what we talk about
Might sound strange to you
What we choose is what it's all about
All it takes is you
