

# Simple

Kira Kosarin

Runnin through the daily  
Got a little more complicated  
More bags than I wanna carry

Been goin through it lately  
And I'm missin those days of safety  
No past, no dream cemetery  
I'm missin the old days

Can we go back to that one time  
When we were 16  
Riding the red line  
Writing a big dream  
It was so simple baby  
Feelin so simple baby

Remember that one night  
Next to in the ocean  
Stars and a blue sky  
Swim in slow motion  
It was so simple baby  
Feelin so simple baby

Friends are coming over  
But I don't think any are sober  
Can't talk if they don't share a bottle

Cinnamon and clover  
Got me dreaming bout late October  
Back when you were coming over all the time  
Back in the old days

Can we go back to that one time  
When we were 16  
Riding the red line  
Writing a big dream  
It was so simple baby  
Feelin so simple baby

Remember that one night  
Next to the ocean  
Stars and a blue sky  
Move in slow motion  
It was so simple baby  
Feelin so simple baby

Remember that one time  
Under the bleachers  
Pulling me closer  
Grabbin your speaker  
It was so simple baby  
Feelin so simple baby

Remember that one time  
You said the right thing  
No fear of fallin  
Ready to jump in

It was so simple baby  
Feelin so simple baby
