

Spy

Kira Kosarin

Are you still thinking of me
Like air you breath like what you craving
Could I get you down on your knees
Like baby please, I've been misbehavin'

Baby are you rapped around my finger
Like the way you used to be
Woah, woah, yeah

Are you still thinkin' 'bout us
And the way it was when I had you with me
Are you still feelin' a rush
From the way I touch, does it make you dizzy

Baby are you rapped around my finger
Like the way you used to be
Woah, woah, yeah

What've you been up to
Does that new chick love you (I don't know)
But it keeps me up at night
Who you gettin' down with
Now that I'm not around (baby I don't know)
But it makes me wanna, makes me wanna
(Makes me wanna)

Spy on you ooh ooh ooh ooh
Tell me how you spend your time
Now that I'm not on your mind, boy
Spy on you ooh ooh ooh ooh
Tell me who's been in your bed, baby
Since the day I left you

Say I don't care, but I be staring when you touch her
Cause boy I swear, if I were there you wouldn't love her

See you gotta new boo
I don't wanna be rude
But I think you think about me too
Woah, woah, yeah

What've you been up to
Does that new chick love you (I don't know)
But it keeps me up at night
Who you gettin' down with
Now that I'm not around (baby I don't know)
But it makes me wanna, makes me wanna
(Makes me wanna)

Spy on you ooh ooh ooh ooh
Tell me how you spend your time
Now that I'm not on your mind, boy
Spy on you ooh ooh ooh ooh
Tell me who's been in your bed, baby
Since the day I left you, ooh
Spy on you ooh ooh ooh ooh
Tell me how you spend your time

Now that I'm not on your mind, boy
Spy on you ooh ooh ooh ooh
Tell me who's been in your bed, baby
Since the day I left you, ooh
