

Able

Kirk Franklin

Whoa
He's more than able
He'll provide all your needs
From the air that you breathe
To the food on your table
He's more than able
Yes

He's more than able
So before you complain
While you wait for your change
Don't forget to be grateful (Don't forget)
'Cause He's more than able
Yes

So when you question if He'll ever fail you
Just look where you've come from and that should tell you
Come on

He's able
To keep me
He's able
To never leave me
He's able
The truth is
I'm amazed every day how
He's able
To make a way
He's able
That's why I say
He's able
Talk to me

He's a waymaker
Give Him all of your dreams
It's time again to believe
He'll take you higher (Because)
'Cause He's a provider (That's right)

So when you question if He'll ever fail you
Let me talk to you
Just look where you've come from and that should tell you
That should tell you that

He's able
To loose these chains
He's able
To heal this pain
He's able
The truth is
I'm amazed every day how
He's able
To heal my mind
He's able
To step in on time
He's able
Yes, sir

I'm a witness that

He's able to do exceedingly, abundantly past your eyes can see, I'll tell you

And He won't stop

He's able, He's able

Because He can't stop

To make a way where there's no escape and peace you can't explain, let Him amaze you

Let Him amaze ya

He's able, He's able

He's able

To change my ways

He's able

To bring a brighter day

He's able

The truth is

I'm amazed every day how

He's able

To set me free

He's able

To take good care of me

He's able

Thank You

He's able

He's able

Thank You

He's able

I'm amazed every day how

He's able

Whatever you need

He's able

He's able indeed

He's able
