

Savior More than Life

Kirk Franklin

Savior more than life to me
You are the joy and air I breathe.
No other lover shall there be.
That makes my spirit sing.

Hold me close don't let me go.
Your the only friend I'll ever know.
That is why I love you so.
More than life to me.
More than life to me.

Savior more than life to me
You are the joy and air I breathe.
No other lover shall there be.
That makes my spirit sing.

Hold me close don't let me go.
Your the only friend I'll ever know.
That is why I love you so.
More than life to me.
More than life to me.

Savior more than life to me
You are the joy and air I breathe.
No other lover shall there be.
That makes my spirit sing.
