

# Try Love

Kirk Franklin

This is your day love  
This is the day that you can't get away  
I been waiting all day love (I been waitin' on ya)  
Waiting for your embrace love (Hello love)  
This is the day love (Everybody's searching for you)  
Every prayer that I prayed, feelings I can't escape  
(Everywhere there's pain, we been missin' ya)  
It's so hard to explain love (We need you more than ever before)  
Still it's a beautiful day love (I know I do)  
It's a beautiful day

See I admit, I didn't know much  
Much about love, the way it was supposed to be  
I was born into a world so cold  
How I could I forget (Let's go)  
The many dark days  
The times I felt betrayed, by the ones that were supposed to love me  
It's the only kind of love I've known (Truth is)

That's the reason why above that's born to die is so hard to believe  
(You don't throw us away)  
So maybe I'll take a chance and try love (Yeah)  
Don't say goodbye love (C'mon)

This is your day love  
This is the day that you can't get away  
I been waiting all day love (How ya doin' love)  
Waiting for your embrace love (It feels so good to see ya)  
This is the day love  
Every prayer that I prayed, feelings I can't escape  
It's so hard to explain love (You're like a mystery)  
Still it's a beautiful day love (Talk to 'em)  
It's a beautiful day

See I admit today's kinda love ain't the same kinda love  
This one leaves you feeling empty (Ha, you can keep that mid love)  
I don't wanna be let down again (Ey)

I been around the world and I-I-I, know it's going crazy  
I cried so many nights and I-I-I, need someone to save me  
No greater love or sacrifice (Love)  
Love on the cross You paid the price (C'mon)  
That's why I trust You with my life, and I take the chance and try love  
Don't say goodbye love

This is your day love (C'mon)  
This is the day that you can't get away  
I been waiting all day love  
Waiting for your embrace love  
This is the day love  
Every prayer that I prayed, feelings I can't escape  
It's so hard to explain love  
Still it's a beautiful day love  
It's a beautiful day

If I didn't get it right yesterday  
You've given me a chance to try love again (Yes it's a beautiful day)

Even though live didn't start out easy  
That's not the way it has to end (Yes it's a beautiful day)  
See, I learned love's not the enemy  
But I had to look deep down within (It's gonna be a beautiful day)  
For God so loved the world  
Now let's let real love begin

My love never disappears  
My love  
Like always everyday feel this love

Get out and touch somebody  
Love somebody  
Hold somebody  
Get out and touch somebody  
Love somebody  
Hold somebody  
Get out and touch somebody  
Love somebody  
Hold somebody  
Don't you know that you just may be the only Jesus that they see

Get out and touch somebody  
Love somebody  
Hold somebody  
Get out and touch somebody  
Love somebody  
Hold somebody  
Get out and touch somebody  
Love somebody  
Hold somebody  
Don't you know that you just may be the only Jesus that they see

Get out and touch somebody

My love never disappears  
My love, loves to draw you near  
Forget every scar and fears

Like always everyday feel this love that I made for you
