

Deep Inside

Kirko Bangz

(Kirko Bangz)

Niggas talkin' 'bout that I can't come back home
Last time I heard that when I was back home
Niggas got these feelings deep inside
Every time they see me shine, it hurt they pride
I heard what you said, but please don't play with me
We off in this club, don't try to stand by me
Got this stash in my pants, I got these bands in my hands
Don't want these hoes gettin' me confused with a nigga like you
'Cause these niggas know deep inside that I'm that nigga
These niggas know deep inside that I'm gon' get 'em
I gotta stop bein' friends with these niggas
I gotta stop layin' up with these bitches
I gotta stop playin' 'round with my riches

I gotta stop, in my city, I'm the most slept on (Slept on)
I gotta stop, in my city, I'm the most slept on (Slept on)
How the fuck y'all playin' with a nigga like me?
With a nigga like me

They hate me deep inside, I know it
Despise me deep inside, I know it
Don't like me deep inside, I know it
I know it, I know it
They hate me deep inside, I know it
Despise me deep inside, I know it
Don't like me deep inside, I know it
I know it, I know it

Yeah
It ain't hard to tell, nigga
Haha
I see this shit straight
Straight through you niggas, know what I'm talkin' 'bout?
Shit wild, though
Every time, though
Shit crazy, man
Niggas mad over

Niggas mad over a bitch that I don't fuck no more
She always wanna fuck, but I won't touch the ho
Niggas mad at me 'cause I'm gettin' backends
And he ain't got no backend since he been rappin'
Ever since I was fifteen, man, I been tapped in
And all them boys that was ahead of me, I done lapped them
No handouts, no handshakes, they just said man down
No handouts, no handshakes since I'm the man now
And it's straight fuck y'all niggas
And I don't never put no broke hoes above my niggas
And I don't never bring no fake niggas 'round my niggas
And if you bring a fake nigga 'round, you not my nigga
You not my—

I gotta stop, in my city, I'm the most slept on (Slept on)
I gotta stop, in my city, I'm the most slept on (Slept on)
How the fuck y'all playin' 'round with a nigga like me?

With a nigga like me

They hate me deep inside, I know it
Despise me deep inside, I know it
Don't like me deep inside, I know it
I know it, I know it
They hate me deep inside, I know it
Despise me deep inside, I know it
Don't like me deep inside, I know it
I know it
