When everything starts moving kinda slow, then it speed up fast  
I can't get caught in yotrap  
Tryna leave you in my past (leave you in my past)  
We cannot go to the same damn clubs  
I can't even do the same damn drugs  
She say you never change, I say you just complain  
And I promise it all adds up (too many times)

Too many dranks, too many shots, too many blunts, yeah  
(Too many times)  
Too many shows, too many hoes, that you don't want, yeah  
(Too many times)  
Too many times you told me boy put down that cup (so many times)  
So many times I told myself don't hit you up  
When I'm drunk (drunk yeah)  
I'm missin on you, I'm reminiscin on you  
When I'm drunk  
I miss sippin on you, girl I'm trippin on you  
When I'm drunk, drunk (when I'm drunk)

It's 10: 10, you like where you been  
I'm like did you get my message  
Your expressions is tellin me that you been thinkin I'm drankin  
I'm smokin  
You say your nigga parked outside  
Well I'm close (I'm at the door)  
You say that we go through this every time  
And every time say this the last time
