

# Neva Changed

Kirko Bangz

Say I ain't neva changed on niggas  
I always been the same little nigga  
And everything payed for nigga  
But niggas throwing shade at me since I got  
This money, this house and these cars and these clothes  
They said this would happen a long time ago  
My mama told me 'watch these bitches'  
And my daddy told me 'watch these niggas'

Uh, I pray to God he put my pride to the side  
I'm looking for my real niggas it's like everyone died  
But I gotta survive and hold it down for my pride  
A little nigga lying hard and put myself to the side  
But I know, some niggas ain't down, some niggas don't ride for me no more  
And I know, when niggas get hungry niggas will ride on me for sure  
And I know, some niggas that say that they'll kill for me  
Take they gun and kill me man  
They wouldn't have a meal for me if I wasn't Kirko  
I hold it down for niggas, ride for niggas provide for niggas  
I'm on the grind for niggas, supply for niggas, I'm tired of niggas  
Asking questions about a nigga  
That shit make me wanna ride on niggas  
And I don't need that

Say I ain't neva changed on niggas  
I always been the same little nigga  
And everything payed for nigga  
But niggas throwing shade at me since I got  
This money, this house and these cars and these clothes  
They said this would happen a long time ago  
My mama told me 'watch these bitches'  
And my daddy told me 'watch these niggas'

I'm paranoid niggas on the way  
And everyday another nigga getting sprayed  
Feel like I ain't been home in a minute  
Can you please leave me alone for a minute?  
I see my people hurting man I wish they had some money  
I'm driving foreigners but I gotta tell them wait it's coming  
But they say don't want no thousands, just a couple hundred  
But I can't get it, everyone I gotta save me something  
My mama told me 'son, don't stress about it'  
But lately man y'all I been stressed about it  
I used to do this music cause I loved it man  
Maybe I've been doing it just to help somebody, damn

Say I ain't neva changed on niggas  
I always been the same little nigga  
And everything payed for nigga  
But niggas throwing shade at me since I got  
This money, this house and these cars and these clothes  
They said this would happen a long time ago  
My mama told me 'watch these bitches'  
And my daddy told me 'watch these niggas'
