cheer up its not yet doomsday i wont be gone to long let go open your parachute the wind guides us into the sun the sun

breathe in open your ventilin i can see your house from here i felt that perfect landing place sing out so all below can hear can hear can hear can hear

and didnt you know that this is what i do and didnt you know that we will lose

and didnt you know that this is what i do and didnt you know that we will lose we will lose we will lose we will lose
