

# Addicted To Metal

Kissin' Dynamite

We are addicted to Metal  
We are addicted to Steel

I give myself a shock, feel the power in my brain  
The voltage keeps on rising yes Metal is my game  
We push it to the edge, breaking bones n' bursting veins  
We only get the vibe at the borderline of pain

We are addicted to Metal  
We are addicted to Steel  
We are addicted to Metal  
Forever, we keep it real

We are we are, we are Metal  
We are we are, we are Steel  
We are we are, we are Metal  
Forever, we keep it real  
Forever, we're addicted to Steel

It sets my teeth on edge, hear the hammering guitar  
Adrenalin explodes, fulminating as we are  
That Metal all alone brings the force we need to play  
Watch out 'cause hell for leather, we'll blow the place away

We are addicted to Metal  
We are addicted to Steel  
We are addicted to Metal  
Forever, we keep it real

We are we are, we are Metal  
We are we are, we are Steel  
We are we are, we are Metal  
Forever, we keep it real  
Forever, we're addicted to Steel
