

# Supersonic Killer

Kissin' Dynamite

He spreads fear and terror  
He was never ever seen  
The phantom killer's clever  
Unpredictable and mean

Master of disaster  
You are in his demon eyes  
You can run but he is faster  
You can hide but he is sly

(Bridge)  
Sooner or later  
He will come to start the fight  
Speeding and wheeling  
In the night

(Chorus)  
He's a super - sonic- super sonic killer  
Super Sonic - Killer

Fingers made of razors  
Mystic twinkle in the shade  
With his supersonic laser  
And his heavy metal blades

Dashing through the nightlife  
Flying high to shoot you down  
Is what the super killer likes  
As he starts another round

(Bridge)  
Sooner or later  
He will come to start the fight  
Speeding and wheeling  
In the night

(Chorus)  
He's a super - sonic- super sonic killer  
Super Sonic - Killer
