

Within The Daze Of Passion

Kitchens Of Distinction

This good I swear I'm staying lurking in your arms.
So good in sin I'm staying with you and your bitter
senses.

Waking within the daze of...

Tell me this is so easy inside your words and feelings.

Promise me there'll be no ending.

Stay here with your brilliant kisses, please.

Waking within the daze of passion.

I cannot rouse myself from this slap of passion.

I cannot pull away from this daze of passion.

No good in pretending.

I want you right now.

Turn around and whisper sweetly

I cannot fake any more

Not waking within the daze of...

Touched, used, I can take it.

Lost now as love tightens.

Yes, good, there is no ending.

You're here with your easy wishes, I fulfill.

Not waking within the daze of passion.
