

## Distraction

Kitten

My eyes might wander on the blue line  
And I'd like to kiss your brother, please don't crucify me  
(Crucify me)  
I wake up every morning with my hair stickin' up to one side  
Unfortunately, I am not changing  
(Changing, changing, changing)

And lately, I've been so afraid of silence  
You like to investigate my conscience  
How much power can I keep? Oh

Feels like you're overreacting  
I always wonder what happened  
It's just another overreaction  
I don't need, don't need

Like questions are I'm like in elementary school  
Well, to be truths, I want the truth  
Even if the consequence is world's war fate between us  
How come compliments to you never get me that far?  
(Never get me far)  
At first, I was the same, now you only get the river

Sometimes you've mistaken what is shyness  
For being rude, but you know I'm the kindest  
The small-town girls can talk behind my back  
I don't care, no

Feels like you're overreacting  
I always wonder what happened  
It's just another overreaction  
I don't need, don't need  
Just please do not waste my time  
If you aren't satisfied  
You're just another distraction  
I don't need, don't need

Feels like you're overreacting  
I always wonder what happened  
It's just another overreaction  
I don't need, don't need  
Just please, do not waste my time  
If you aren't satisfied  
You're just another distraction  
I don't need, don't need

(Don't need)
