Rapture

Kitten

Are we alive?
Tell me,
From the ashes and these empty streets,
I wanna feel the rapture song,
And now we know it won't be long,
Until.

Faded love,
Broken hearts,
God only knows what will tear us apart,
Just close your eyes we'll disappear,
Let history speak for us,
While we're still young.

And now we are what we will soon become,
A reflection of the endless burning sun,
Don't leave me,
You have to believe me,
It's true,
I just know it.

It's alright,
Take me down,
Make it clean,
Do it now,
I want to sink beneath your waves,
And I'll follow you,
Down to the grave.

So pull me close,
Pray for me,
I realize now that nothing is free,
If only for a little while,
Elegant and like a child,
I'll be.

Still waiting for what we will soon become,
The perfect image of your only son,
Don't leave me,
You have to believe me,
It's true (I just know it).

And now we are what we will soon become,
A reflection of this endless burning sun,
And now we know you're not the only one,
Don't leave me,
You'll have to believe me.

There's no blue skies,
No more blue sky.
