

Into the Darkness

Kittie

I feel helpless waiting.
Could this all be the end?
It's all coming down all at once.
Am I losing you?
No Way Out!

Until this all crashes down, I'll hold on.
you're going to make this work
Into the darkness...not knowing at all....
you're going to make this work

Are you out there waiting, wondering about me?
Never felt so alone as I do now.
No way out!

Until this all crashes down, I'll hold on.
you're going to make this work
Into the darkness...Not knowing at all
I'm just trying to make this work

Until this all crashes down, I'll hold on.
Into the darkness...Not knowing at all
Until this all crashes down....
