

# Never Again

Kittie

An act of desperation  
When will this ever end?  
My sorrow turns to hatred  
'll get my sweet revenge  
Lies, deception  
I've never been so strong  
Lies, deception  
You've never been so wrong  
Never again will I let this  
Never Again  
You'll beg for mercy now  
Never again will I let this destroy my plans  
You'll beg for mercy  
I'm bitter to the core now  
I've seen those kindoms fall  
All trust has crumbled slowly  
I'll build up higher walls  
Lies, deception  
I've never been so strong  
Lies, deception  
I've never been so wrong
