

Time Never Heals

Kittie

I keep this to myself.
Witness the end.
Fire to ember to ash
Time never heals
I want to believe this will pass,
But I can't see beyond the black
I promised forever, but I let go.
From blue to red to black
Time never heals
You know that you were right.
So tired I cannot stand
Time never heals
I had to run to save myself
Time never heals
Fire to ember to ash
Time never heals...
